

Mathematics *College Professor, Lecturer of University, Mathematician-Statistician*

Born in August 7, 1932, at Bontida, Cluj, married with Elena (born Constantinescu), 1964, two children: Claudiu and Felicia.

EDUCATION: He graduated Lyceum in 1952 at Gherla, Cluj, when he got Second Premium at Mathematics Olympiad (regional level). Because, he had a good scholastic presentation at Olympiad he was accepted without examination at Mathematics-Physics **Faculty** under Victor Babes University, Mathematics section (5 years) from Cluj. He graduated University in 1957; he was declared "University Diplomat"

In 1963, he is registered at Doctorate for Mathematics Statistic at the **University of Bucharest** (section without frequency), where he **obtained** all exams of Doctorate until 1965, going to pass his thesis into indefinite time.

He have been lecturer in cooperation in Alger, between 1976-1980, at Science and Technology University (USTA), in 1980 he is established at Montreal, Canada.

At Montreal University in the Mathematics and Statistic Department he had recognized 10 credits after Doctorate exams at University from Bucharest, also for another 6 credits he passed two more exams, as well as General Examination of Doctorate, gotten Doctorate in Mathematics with one thesis about Numerical **Analysis**, in 1983.

In 1993 he passed three exams as level of master in **Economic Analysis** as: Micro and Macro-economy at Montreal University and Econometry at UQAM.

ACTIVITY: Mathematics-Physics **Professor** at Huedin Lyceum, county Cluj, between 1958-1960; Statistician - Mathematician at Statistics County Department of Brasov, between 1960-1963; **University Assistant** at the Polytechnic University Brasov, between 1963-1965.; University Lecturer at Polytechnic University Brasov between 1965-1966.;

Principal mathematician on Operational Researches at **the State** Planning Committee in Bucharest, between **1967-1969.**; University Lecturer at Planning Laboratory of **Education** at the **Academy of Economic Sciences (ASE)** in Bucharest, between 1970-1974, laboratory which **has** been created by **the**Ministry of Education under care of UNESCO; University Lecturer at System Study Department (Futurology) of Bucharest University ,between 1975-1976; University Lecturer at Science and Technology University, Alger, Algeria between **1976 -1980**; Researcher, **Demonstrator** and Post Doctorate **Stipend** at Montreal University, between 1980-1986; **Researcher Assistant** in the Quantitative Method Department at the **École des Hautes Études Commercial (HEC)** Montreal, between **1987-988**; **Invited or Associated Professor** at Ovidius University in Constanta, between 1994-2001; At Transilvania University of Brasov, in 1995; at University of Baia-Mare, in 1996; at Valahia University of Targoviste in 1988;at Petru Maior University of Tirgu-Mures, in 1999 and at Oradea University, in 2000.

Since 1999 he participates at **Analysis** Seminar at University of Montreal, seminar for high level students of master and doctorate where he exposed three subjects.

The last 5 years was spent concerning Mathematics Applications Methods in Economy, as is shown in specialist publication lists. He focused his study on Stochastic Control applied on the market capital and Insurance Theory.

CONFERENCE and COLLOQUY: He presented 3 conferences at Montreal University in 1984,1998,1999; 32 scientific reports at Mathematics Colloquy of Quebec(2 in each year) between 1981-1999; 11 scientific reports at the **Congress of Romanian-American Academy(ARA)** between 1990-2001.

PUBLICATIONS: He has 19 study published **western area** :**Encyclopedia of Mathematics,Supp.Vol.3,Kluwer Academic Publishers,Netherlands 2001;Canadian Math.Bulletin Vol.26/4,Ottawa 1983;Libertas Mathematica in 1987,1991; Comptes-Rendus Math.Académie Sciences,Ottawa V.9,n5/1987; Proceedings ARA in 1990,1997,1999,2000,2001**;La Gazette des Sc. Math. du Québec, în1989, 1990; Ann. Sc. Math. du Québec in 1984 (**2 publications**);Bulletin AFCET-SOCC. MATH. de FRANCE, Paris-Palaiseau 1978.

Also he have 15 works published in Romanian magazines: (**Review of Statistics** and Statistics Studies DCS,Bucharest 1963... Itinerant on Approximation..., Studia and Proceedings at **University**"Babes-Bolyai" Cluj-Napoca în 1990, 1992, 1997; **Ann. of University "Ovidius" Constanta Vol. 1, 1993** ;ALETHEA-Oradea în 2000 , 2001, and 5 (**five**) **Rapoarte de Cercetare Stiintifica 3(three) at the University of Montréal 1984-86 and 2 (two) theHEC, în 1987-88.**

AFFILIATED: **Member of AFECT (Ass.Francaise de Cyb.et Technique) from 1977;**

AMS (American Mathematical Society)from 1981;

MAA (Mathematical Association of America) from1981;

ARA (Academia Româno-Americana) din 1993;

A.S.L.A (Academia de Stiinte, Literatura. si Arte, Oradea) from 2000
